RISK CHARACTERISTICS (Continued)

Stand Alone Other Structures

- ◆ **Structure Endorsement –DPB00 (06/08)**
 - The Structure Endorsement will provide coverage for structures used for seasonal purposes such as camping structures, casitas, boat houses (no living quarters) or covered boat slips and also structures like pole barns.
 - Coverage A will be provided on these risks with the same options available in our Seasonal DP-1 Program.
 - When the Structure Endorsement is attached, we allow boat house structures and covered boat slips to be written. No liability is available for boat houses/covered slips. Please note: For mechanical lift coverage, please see our First Choice Watercraft Program for coverage availability. We also permit the open pier and stilt structures for these risk.
 - When 2 or more structures need to be insured on the same premise and neither is a dwelling, the largest structure should be insured as the Coverage A with the Structure Endorsement. The 2nd structure should be written as Other Structure Coverage on the same policy.
- ◆ **How to Bind Stand Alone Other Structures**
 - Select Seasonal Occupancy DP-1 in modernLINK
 - On Coverage Page, answer yes to either of these risk code questions:
 - Is the dwelling Coverage A amount being requested for an Other Structures only policy such as a pole barn, storage building or camping structure?
 - Is the structure a boathouse or covered slip without living quarters?
 - Finally, provide a description in the memo field of the risk.
- ◆ **Risk Code OS - Other Structure or SB - Boat Slip**

Vacant Home Builder's Risk Renovation Coverage

Builder's Risk Renovation is intended for Vacant Homes that are undergoing major renovations or completion of new construction (home must be fully enclosed). The endorsement will allow you to insure the renovation amount prior to completion. The renovation amount should equal the value of improvements, alterations or repairs to buildings or structures under renovation. When entering the dwelling limit in modernLINK, the limit should include the dwelling value plus the renovation amount. (For example, if the dwelling value is \$60,000 and the renovation amount is \$15,000, then enter \$75,000.) A separate question will be asked for the renovation amount as this will be used for underwriting and claims purposes.

The endorsement includes coverage for scaffolding or temporary building constructions. Theft of Building Materials is covered up to a \$5,000 limit. If Premises Liability is purchased, Independent Contractor's liability is excluded.

Upon completion of renovations, the Builder's Risk Coverage must be requested to be removed by the insured.

- ◆ **Examples of when the Builder's Risk Renovation could be endorsed:**
 - Homes that have just been purchased undergoing major renovation.
 - Unfinished newly constructed homes that have been purchased out of foreclosure or bankruptcy prior to the home being 100% complete by the builder. The endorsement would cover the home while undergoing its final construction. The home must be fully enclosed.

Vacancy Permission Endorsement DP-1 and DP-3

Vacancy Permission allows an owner, rental, or seasonal home to be temporarily written as a vacant home. When an owner, rental, or seasonal home goes temporarily vacant this endorsement can be added to prevent having to cancel and rewrite the policy. Once the home is no longer vacant the endorsement just has to be removed and the policy will switch back to the original owner, rental, or seasonal dwelling.

- ◆ **DP-1** – The agent is writing a new policy for an insured and the home is currently vacant, perhaps being renovated or in the process of trying to rent it out, and the plan is for it to be either a rental, owner, or seasonal in the future.
- ◆ **DP-3** – This option is available for DP-3 as long as the risk itself qualifies for a DP-3 per the Underwriting guidelines (in other words, no homes under renovation, home must be in above average condition, age of roof and home quality, etc.)
- ◆ **DP-3** – In modernLINK, simply enter a quote like a typical DP-3 Owner, Rental, or Seasonal. Then on the Coverage page select the Vacancy Surcharge coverage. This coverage will treat the policy as a DP-3 vacant.
